

VIP SYSTEM BACKPLATE FOR MAESTRO MONITORS

VIP System backplate required to complete the Maestro monitor. Local floor calling, call repetition and the memo video function as standard features. Full duplex audio. With internal directory for managing intercom calls. The monitor buttons act as lock release, speech, ringtone mute, switchboard call and internal switch-on buttons. Buttons 1 to 5 of the Maestro Monitor can be programmed via software allowing various functions to be set. 1 button can be assigned with a normally-open contact on the terminal board. With LED illumination for various signals and an RJ45 connector for connection to the system. Dimensions: 4.5" x 4.3" x 0.75"
