

## 40H Series Mortise Locks

### **Premium Performance, Superior Security.**

BEST's 40H series mortise locks and deadbolts deliver exceptional strength, security, and durability. Our robust design features and precision-engineered components make the 40H mortise lock series ideal for high traffic applications. Backed by an industry-leading limited lifetime mechanical warranty, the 40H series delivers security you can depend on.

## Security Meets Simplicity.

In addition to delivering superior security, the BEST 40H lock series makes installation, maintenance, and daily use simple. With a multi-function case and field configurable options, the 40H series is stock friendly. And installation is quicker and easier thanks to carefully designed features that simplify handing changes, alignment, and assembly.

### Features

#### BEST 40H

- **Superior strength and security.** We designed the 40H series with a solid, one-piece stainless steel latch, providing 50% more surface contact with the strike to make the lock stronger and more secure.
- **Enhanced durability.** The precision-engineered curve on the latch enhances cycle life while reducing wear to the strike.
- **Easy to install.** The reversible latch rotates 180 degrees, making it easy to change handing without opening the 40H series case, and self-aligning trim makes installation fast, easy, and accurate.
- **Reliable performance.** With a roller bearing hub mechanism, 40H series locks deliver smooth, wear resistant operation. We're so confident in our 40H lock series that we provide a limited lifetime warranty. BEST 40H series locks are designed and manufactured to last.
- **Premium materials.** The 40H series case, cover, and armored front are manufactured from 0.095" cold rolled steel with a corrosion-resistant coating, providing long-lasting strength.
- **Varied aesthetics.** A wide variety of trims and lever styles make the 40H series visually compatible with different architectural styles and aesthetics.
- **Simple to use.** With features including a bi-directional lever for ADA-friendly operation, 40H locks are easy to use.
- **Greater flexibility.** The 40H series is flexible and stock friendly, designed for simple field conversion and handing changes, and featuring a universal, multi-function lock case.

**For premium strength, security, and performance, BEST 40H series locks deliver unparalleled quality and reliability.**
