Operating Temperature:

+32 to +158F [0 to +70C]

Shipping Weight:

1.75lbs [0.8kg]

DKC

Digital Controller

Stand-Alone 2-Door Controller for a Flexible, Secure System

The DKC Digital Controller provides stand-alone control of up to two electrically locked doors. Adding door users is fast and simple, either upload via easy-to-use software or program directly from an installed system keypad. The DKC offers broad flexibility and ease of use for access control professionals looking for a cost-effective solution for small, simple configurations.

A new, easy-to-use software Programming Tool with upload feature allows quick deployment of a two-door, stand-alone system with the flexibility to use any output reader or keypad capable of 26-bit Wiegand output. The DKC is also compatible with ASSA ABLOY Aperio® wireless products. It communicates with an Aperio Wiegand hub in place of an electronic access control system.

Choose from high quality Securitron options, wireless ASSA ABLOY Aperio products, or connect to HID® proximity or smart card readers for sophisticated yet simple access control.
