

IH511 Weatherproof Housing

IL817 Specification Sheet

Tek-CARE®500 Wireless Emergency Call System • Rev. 5 - 09/2013

Features

- Maintenance free
- Easy installation
- Knockouts provided

Description

The IH511 Weatherproof Housing is an attractive indoor or outdoor housing for the Tek-CARE®500 Wireless Emergency Call System. The IH511 accommodates an NC511ES Repeater/Locator. The housing is constructed of plastic for durability, and for unhindered signal reception and transmission. Knockouts are included on the back to allow the connection of an AC transformer.

Specifications

Dimensions: 7"H × 7"W × 3"D
(178 mm × 178 mm × 76 mm)

Required Components

Tek-CARE®500 Wireless Emergency Call System

IH511 Weatherproof Housing

TekTone® has designed Tek-CARE®500 to work as a system. Its Tek-BRIDGE™ has been carefully designed and matched to work with Tek-CARE®500 wireless and wired peripherals. TekTone® will not warrant or support components of Tek-CARE®500 that are purchased separately unless the components are add-ons to previously sold systems. TekTone® will also not warrant or support a system that is a mix of TekTone® and Non-TekTone® parts, unless prior permission has been obtained. A site survey must be performed and submitted before ordering a Tek-CARE®500 system. In order to track our systems and to inform facilities of software upgrades, full site information (site name, address and phone number) will be required when ordering. Site information and Tek-BRIDGE™ warranty numbers will also be required when requesting technical support.
