

# Conettix ITS-D6682 Ethernet Network Adapters

www.boschsecurity.com

**BOSCH**  
Invented for life

- ▶ 10Base-T/100Base-T network connection
- ▶ Full/half duplex support
- ▶ Two DB9 serial interfaces provide connection to D6600/D6672
- ▶ Light emitting diodes (LEDs) provide status and activity
- ▶ Supports 128-bit AES (Rijndael) encryption

The Conettix ITS-D6682 Ethernet Network Adapters (ITS-D6682-INTL and ITS-D6682-UL) are used to connect the Conettix D6600 Communications Receiver/Gateway to an IP network (LAN/WAN/Internet). The adapter allows the D6600 Receiver to process messages to and from most networks using User Datagram Protocol/Internet Protocol (UDP/IP). A minimum of one adapter is required for each D6600. The two serial ports allow for a variety of installation options including Network Failover Solution.

## Functions

### Network Failover Solution

A Conettix System with two D6600 receivers and two ITS-D6682 adapters can be used to allow for a redundant backup in the event of first system failure. Each adapter has two serial ports that allow it to be connected to a primary and backup receiver at the same time. In this configuration using the D6200 software, when the primary receiver is updated the backup receiver will also be updated. Each adapter also supports an alternate MAC Address that can be used to switch between adapters on primary and

backup systems without any network problems. Refer to the *Conettix D6600/D6100i System Guide - Network Communications* for details.

## Certifications and approvals

### Notice

Install the Conettix D6600 Communications Receiver/Gateway in accordance with NFPA 70, NFPA 72 and the local Authority Having Jurisdiction (AHJ). The Conettix ITS-D6682-UL Ethernet Network Adapter is suitable for Central Station Protective Signaling when it is installed and used in compliance with NFPA 72 and ANSI/NFPA 70. Installation limits for Digital Alarm Communicator Receivers (DACR) are under the jurisdiction of the user's local authority.

### Notice

For UL Listed Fire Installations, equipment between Ethernet Interface Modules and the ITS-D6682-UL is required to be UL Listed Information Technology Equipment.

Region	Certification	
Europe	CE	2004/108/EC; 2006/95/EC; 1999/5/EC; EN55022: 2006 +A1:2007, Class A; EN50130-4: 1995 +A1:1998 +A22003; EN60950-1: 2006; EN61000-3-2:2000; EN61000-3-3:1995; TBR21: 1998
USA	UL	AMCX: Central Station Alarm Units (ANSI/UL 1635)
	UL	UOJZ: Control Units, System (ANSI/UL 864 9th edition)
	CSFM	7300-1615:0179
	NIST	FIPS 197 Certificate No. 304

## Installation/configuration notes

### Compatibility Information

Receivers: Conettix D6600 Communications Receiver/  
Gateway

### Location and Enclosures

The ITS-D6682 adapters must be installed in the same room as the D6600 receiver and be within 15 m (50 ft) of the D6600.

*For UL installations, the ITS-D6682-UL must be installed in the same rack as the D6600 and be within 6 m (20 ft) of the D6600.*

## Parts included

### ITS-D6682-INTL

Quantity	Component
1	ITS-D6682-INTL Ethernet Network Adapter
1	Plug-in power supply with adapters
1	DB9 F/F null modem serial cables (1.83 m [6 ft])
1	Literature – Installation Guide

### ITS-D6682-UL

Quantity	Component
1	ITS-D6682-UL Ethernet Network Adapter
1	Plug-in power supply
2	DB9 F/F null modem serial cables (1.83 m [6 ft])
1	Literature – Installation Guide

## Technical specifications

### Electrical

Power Input	
• INTL model:	AC nominal operating range: 100 VAC to 240 VAC, 50 Hz/60 Hz, 400 mA maximum
• UL model:	AC nominal operating range: 120 VAC, 60 Hz, 150 mA maximum

### Notice

An uninterrupted power supply (UPS) is required for use with the ITS-D6682-UL when used for UL Fire (UL1481) Protective Signaling Systems. A 24 hr. minimum UPS standby power supply is required for UL Certification.

### Environmental

Temperature (operating):	0°C to +50°C (+32°F to +122°F)
Temperature (storage):	-40°C to +85°C (-40°F to +185°F)

### Mechanical

Unit Dimensions (not including mounting tabs):	9.5 cm x 7.3 cm x 2.3 cm (3.75 in. x 2.9 in. x 0.9 in.)
Weight:	0.26 kg (0.6 lb)
Protocols Supported:	ARP, UDP/IP, TCP/IP, Telnet, ICMP, SNMP, DHCP, TFTP, HTTP, and BOOTP
Serial Connectors:	Two DB9M DTE serial ports
Network Connectors:	One RJ45 10BASE-T or 100BASE-TX Ethernet port
Ethernet Cable:	Category 5 or better unshielded twisted pair installed in the same enclosure/rack as the D6600. <i>For UL installations a maximum length of 6 m (20 ft) is allowed.</i>
RS-232 Cable:	Installed in the same room as the D6600; maximum length 15 m (50 ft). <i>For UL installations, installed in the same rack as the D6600; within 6 m (20 ft).</i>
Management:	HTTP (internal web server) Telnet login DeviceInstaller software
System Software:	Flash ROM standard. Downloads from a TCP/IP host (TFTP) or over serial port.
Diagnostic LEDs:	On top of unit: <ul style="list-style-type: none"> <li>• Power / Diagnostic (Blue)</li> <li>• RX Serial 1 Activity LED (Green)</li> <li>• TX Serial 1 Activity LED (Yellow)</li> <li>• RX Serial 2 Activity LED (Green)</li> <li>• TX Serial 2 Activity LED (Yellow)</li> </ul> On the RJ45 Ethernet connector: <ul style="list-style-type: none"> <li>• Ethernet Link LED on the left (Bi-color, 10 Mbps = Yellow, 100 Mbps = Green)</li> <li>• Ethernet Activities LED on the right (Bi-color, Half Duplex = Yellow, Full Duplex = Green)</li> </ul>
Compatibility:	Ethernet: v2.0/IEEE 802.3 Conettix D6600 Communications Receiver/Gateway

### Trademarks

Trademark names are used throughout this document. In most cases, these designations are claimed as trademarks or registered trademarks in one or more

countries by their respective owners. Rather than placing a trademark symbol in every occurrence of a trademark name, Bosch Security Systems, Inc. uses the names only in an editorial fashion and to the benefit of the trademark owner with no intention of infringing the trademark.

#### Ordering information

##### **Conettix ITS-D6682-INTL Ethernet Network Adapter**

Ethernet adapter (120/240 VAC) for use with the Conettix D6600 Communications Receiver/Gateway outside of the US/Canada.

Order number **ITS-D6682-INTL**

##### **Conettix ITS-D6682-UL Ethernet Network Adapter**

Ethernet adapter (120VAC) for use with the Conettix D6600 Communications Receiver/Gateway in UL Installations.

Order number **ITS-D6682-UL**
