SC-17

A cost-effective 17" surveillance display with the quality, connectivity and performance essential for any security environment.

With the AG Neovo SC-17, security centres can keep an eye on budgets without losing sight of performance. Digital and analogue video inputs, including looping BNC I/O, minimise installation cost. Auto NTSC/PAL detection, settings key lock and auto settings adjustment reduce maintenance hassle. Quick signal-switching and rapid response time improve surveillance efficiency, while built-in speakers provide an additional level of security. All this and more make the SC-17 the perfect value display choice for any security environment.
